Water Heater Maintenance Program requirements:

1. The water heater to be insured can be no more than one year old when it is added to the program.
2. The water heater must be a 30-gallon capacity or greater and operate at 240 volts.
3. Maintenance must be performed by a licensed and insured plumber specified by Hart EMC. Members may call Hart EMC at any time when experiencing a water heater problem.
4. Plumbing problems, such as water leaks or faulty fittings are **not** covered under this program. Only the water heater is covered.
5. If replacement of the water heater becomes necessary, and the new water heater will not fit into the same area as the old one, the member is responsible for any structural or plumbing changes required to make the new water heater fit into the original space.
6. There is a 30-day waiting period for the coverage to take effect once you have enrolled.

I authorize Hart EMC to bill my account for \$3.98 each month on my power bill. I understand that Hart EMC will repair or replace this water heater for as long as I remain a member on the program. If the terms of this agreement are not followed, I agree to reimburse Hart EMC for the total cost of the water heater rebate. I certify that this water heater has been purchased and installed at the above location.
